

SUB LOGOS

Sublogos are based on the NOVA logo and will be made available only for campuses, academic programs and administrative offices. This allows areas of the College to have an independent look, but still be part of the larger identity system of NOVA. Student clubs and organizations, campus groups, college initiatives, and outreach programs will not be approved for sublogos.

The NOVA marketing department is responsible for designing, implementing and approving sublogos. Sublogos will be created using the main green and gold colors of the NOVA logo. Sublogos will have configurations, sizing and spacing guidelines based on the NOVA logo. For questions, contact NOVAGraphics@nvcc.edu.

Campus-specific logos can be downloaded [here](#).

Academic departments and administrative offices needing a sublogo should contact: NOVAGraphics@nvcc.edu.
